WELCOME TO MINDEN FAIR

Saturday will be Fair Day in Minden and we'll see you there. Yes, it's being held earlier this year - August 28.

The Commodores, a band from Lindsay, will be on hand to put everyone in the mood for a fine day at this little country fair.

President Frank Welch and the Directors are looking forward to a good crowd, a good fair, and certainly hope that the weatherman will be most co-operative.

Manager of the Lindsay Central Exhibition will officially

open the Fair at 1 p.m., so don't miss a single minute. There will be entertainment for all, races for boys and girls and various contests for men and women.

A beautiful mouth-watering fruit cake has been made by one of the Lady Directors, Mrs. Angus Coulter. Tickets will be sold on this cake, so try your luck, you have three chances to win a part of it.

Dr. Good has donated \$5.00 to the oldest couple at the fair and Earl Palmer and Sam Welch

have each donated the same amount for the oldest lady and the oldest man (respectively) at the Fair. So you folks see the Secretary, give her your names and ages and get in on those prizes.

There is hardly any end to the prize list, some very interesting items to be sure. For instance, in the Domestic Science Class we see that even "Little Red Riding Hood's basket of goodies for Grandmother" will be shown, just wonder what all she had in that basket? Some-

thing mighty good no doubt.

Oh yes, there will be a Dog Show too. Walt Wideman at Crest Hardware give a prize for the best dog which must be owned by the boy or girl showing him. Included in the prize list this year is an entry for goats.

As we said, there is a chance for everyone to get in on 'ne prizes. Wonder if the men have their teams strengthened up for the Tug-O-War.

Can hardly wait to see that

Norma girl on the wire. And all you kids, remember Peter the Clown? Yes, he's been here before but not for a long time now. I'll bet those acrobatic clowns, The Williams Brothers, will do some fantastic tricks too.

People throughout the County have been most generous and co-operative again this year and it is so much appreciated. So folks, it's now up to you, get out and enjoy yourself on Saturday. We'll see you at the Fair.

Bank Of Montreal Premises To Be Enlarged

The Bank of Montreal in Haliburton is to be enlarged. It has been apparent to all who patronize this institution that the staff are carrying on in quarters that are cramped to say the least. The ever increasing number of citizens using the bank facilities have made this move necessary.

The new enlarged quarters will provide double the office afforded at present and will provide rooms for four tellers.

Our banks do not usually make a move of this nature unless conditions warrant such a step and one is forced to conclude that the Bank of Montreal is looking for a steady improvement in the growth of this area in the years to come.

Mr. Kenneth Wilson, manager

of the bank, informs us that building operations will commence in the latter part of September.

Fire Destroys Children's Camp

HUNTSVILLE, Ont. (CP) — Fire destroyed a children's camp on Skeleton Island, 10 miles west of here Monday night. No injuries were reported.

Damage was estimated at \$25,000. The camp is operated by the Baptist Church.

Cause of the blaze, believed to have started in the main lodge, has not yet been determined.

Retarded Children's Bake Sale And Bazaar A Big Success

The annual Retarded Children's Bake Sale and Bazaar held at Minden on Saturday was again a successful event.

The Association would like to take this opportunity to heartily thank the helpers and donors who helped to make it such a success. Special thanks goes to Mrs. Harrison of Toronto who donated the dressed dolls for the draw, this being the second year she had done this.

Miss Allison Brandon of Minden was the lucky winner of "Dianne", and Mr. Ron Davies of Haliburton held the ticket for "Donna". Best wishes to both of you in caring for these beautiful dolls.

A few valuable articles were left unsold, including a good baby buggy, a child's vanity set, excellent for cottage or playroom, and a rocking horse. Anyone interested in these goods should contact Minden 105 for information.

Joe Manley Lands Two Big Fish At Loon Lake

Mr. Joe Manley of Toronto is finding good fishing in Loon Lake near Haliburton. Last Thursday evening, August 19th he caught a 7 lb. pickerel and a 5 lb. smallmouth bass. He caught the fish while trolling with a Rapala lure.

Mr. Manley has a cottage on Loon Lake.

Re Sewage And Waterworks

The following letter has been received by Mr. Wayne B. Wood, Clerk of the Municipality of Dysart from the Ontario Water Resources Commission.

Dear Mr. Wood:

I wish to acknowledge your letter of August 11th in which you requested further information concerning the news release by the Prime Minister's Office of a new policy concerning provincial financing of water and sewage projects.

The O.W.R.C. at the present time is in the process of developing a program as a result of this announcement. You can appreciate that there are many details of the programs and the scheduling which have to be worked out and we will be in touch with you on this as soon as possible.

Yours very truly,

D. S. Caverly,
General Manager.

Relatives Of Local People Drown In Lake Huron

Mrs. Shirley Huffman and her two little daughters, Katherine and Karen, were victims of a tragic boating disaster near Gore Bay on Sunday evening. Of the six passengers of the ill fated pleasure craft only Jim Huffman and Mrs. Bonnie Ryden survived the ordeal in the chilly stormy waters of Lake Huron.

Apparently the craft ran up on a submerged rock and passengers decided to wait for another launch to come along to get them and the boat to safety but a storm blew up tearing a huge gap in the boat which started to sink. All passengers were equipped with life jackets but the chilling waters soon began to take their toll. The

two children died first and later Mr. Ryden. At 5 a.m. on Monday Mrs. Huffman died clutching her husband "My babies are gone and I guess I'll never see Sudbury again" were her last words.

Mrs. Ryden and Jim Huffman were picked up by persons who had gone to an island to pick blueberries.

The late Mrs. Huffman is a granddaughter of Mrs. James Fairfield and a niece of Gladys Waters of Minden and is also a niece of Mrs. Lester Walling of Haliburton. We might also say that Mrs. Huffman was the daughter of Mrs. Hazel Fairfield who taught in Gould's School and in Wilberforce.

Dev. Program For Haliburton

During the past week David Logan, Liberal Candidate, was busy speaking with party workers in Brock, Carden, Dalton, Emily and Ops Townships. He stressed the necessity to stand up and demand greater opportunity for the people of the Riding and not fall for the old tricks of substituting abuse for policy, hands out for jobs and progress of a few for the rights of all.

He pointed out that the latest statistics show there are 2,200 farms and approximately 1,000 people who make their living solely from the farm in the County of Victoria. Of this number there is 21% who are in serious financial difficulty.

They do not even earn a subsistence standard of living.

Due to the chronic low family income in the County of Haliburton, The Honourable C. M. Drury, Minister of Industry, announced on the 5th of August a new and expanded Area Development Program offering cash grants to secondary industry establishing within the boundaries of the County of Haliburton. The Act took effect on July 1st of this year and benefits are now available to eligible firms. The Plan expires on March 31, 1971.

We can no longer sit back and wait. It is necessary for us to take the initiative.

P. J. Gillis Speaks To Haliburton Highlands Property Owners

P. J. (Pat) Gillis, Director of Assessment Branch, Dept. of Municipal Affairs spoke to representatives of 21 cottage owners' associations at the General Meeting of the Haliburton Highlands Property Owners' Council held Saturday at the Red Umbrella Inn, Minden. This organization speaks for over 5,000 summer residents in the area and stresses co-operation with local municipal councils rather than pressure.

Mr. Gillis explained that changing the voting date to assure greater opportunity for cottagers

to vote was virtually impossible under the present system. Voting lists are compiled from revised assessment rolls which are not due until September 30 and then are not released until after hearings. He also pointed out that the tremendous influx of cottagers during the past few years has created many problems for municipal councils as well as the cottagers themselves. He urged that cottagers organize their problems in briefs before presenting them to the local councils, and to work actively

Bob Blake Of Waterloo Wins Golf Tournament

Bob Blake of Waterloo, Ontario won the Golf Tournament played at the Haliburton Golf Course on Sunday. Fourty golfers teed off for eighteen holes of golf played under overcast skies.

At the finish Blake ended up with a score of 68½, just a half stroke ahead of Ken Wilson of Haliburton who had a score of 69. The Atlantic Handicap system was used.

The following is a list of the prize winners:

Low net - 1. Bob Blake, Waterloo, 68½; 2. Ken Wilson,

Haliburton, 69; 3. Nills Fransen, Toronto, 69.

Low gross - 1. Don Cooper, Haliburton, Lake, 75; 2. Rex Boice, Haliburton, 76; 3. Ken Rosenberg, Haliburton, 80.

This Sunday, August 29th the annual Haliburton Golf Course Tournament will start at 1 p.m. open to Haliburton County residents only. It will continue for several Sundays until two finalists are declared. The rules will be match play and a local committee of Ken Rosenberg, Don Johnston and Scottie LaRue will set the handicaps.

A Soldier's Bible

Was A Deck Of Cards

A young soldier who was in Church was seen looking at a deck of cards, and the rest were using their Prayer books. He was asked after the service why he was playing with a deck of cards while in Church.

Here is his story:

When I look at the Ace in my deck of cards I know there is but one God; the Duce tells me that the Bible is divided into two parts, the Old and the New Testament; When I see the Three, I think of the Father, the Son, and the Holy Spirit; And when I look at the Four I remember the four great Apostles, Matthew, Mark, Luke and John; When I see the Five, I am reminded of the five virgins who trimmed their lamps. There were ten of them, five were wise and were saved, five were foolish and shut out.

When I look at the Six, I know that in six days God made the great Heaven and Earth; and the seventh day He rested from His work and called it Holy; When I see the Eight I think of the eight righteous persons God saved when He destroyed this earth. There were Noah, his wife, their three sons and their wives. When I see the Nine I think of the Lepers our Saviour cleansed, nine out of the ten didn't even thank him. Of course, when I see the Ten I always remember the Ten Commandments that God handed down to Moses on a tablet of stone.

When I see the King I know there is only one King of Heaven; the Queen reminds me of the blessed Virgin Mary; the Jack our knave is the Devil.

When I count the spots I find 365, the number of days in the year; There are 52 cards, the number of weeks in the year; The 12 picture cards are the number of months in the year; There are four suites, the number of weeks in a month; Thirteen tricks, the number of weeks in a quarter.

You see, my deck of cards serve me not only as a Bible, also my Prayer book.

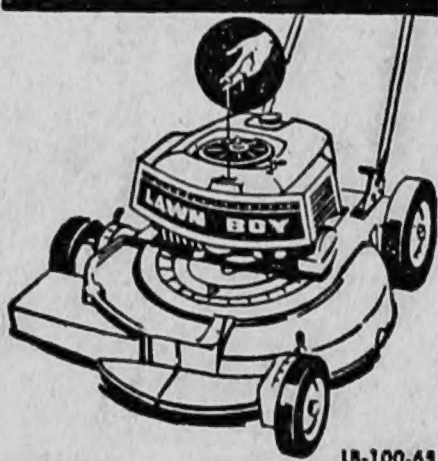

A. M. F., Wilberforce.

News Notes From The County

The big news this week is the Minden Fall Fair which gets underway this Saturday in Minden. There is not too many towns with a Fair these days but Minden has a Fair and a good one. There will be something for everyone at this year's big event.

Last week Pete McGillen in his Outdoors column in the Telegram devoted most of his writing to Sir Sam's Inn at Eagle Lake. Pete was very pleased with this resort and looks for Sir Sam's Inn to be the start of winter business in the Highlands of Haliburton.

Wallco Appliances on Haliburton's main street have put up a new sign on the front of their place of business.

The man who guided Ontario's financial affairs for several years has made some personal observations on the subject of the Academy Theatre Foundation. Former Provincial Treasurer Leslie M. Frost says he believes that prudent management would keep income and expenses of

the Academy project within close proximity of each other. He further predicted in an interview on the subject, that a proposed endowment fund for the Academy would, in time, cover any "short-fall" between revenue and expenses.

The Kinsmen Band in Lindsay was given a \$500 boost by Lindsay Town Council last week. This was to help defray expenses in connection with the band's trip for appearances at the World's Fair.

Mr. Whitcombe of Gooderham celebrated his 94th birthday recently.

The regular meeting of the Somerville Council for the month of August was held in the Municipal Hall, Kinmount on Tuesday, August 3rd, with Deputy Reeve Boyd Austin in the chair and Councillors Maurice Watson and Harold Chynoweth present.

Minutes of the regular meeting of July 6th were read and approved. General accounts amounting to \$274.50 were read and payment approved.

Mr. Eddy White met with council requesting council's approval for the conveyance of a parcel of land being part of lot 55, Front Range. On a carried motion, permission granted.

Mr. John Graham met with council requesting council's permission for the conveyance of a parcel of land being part of lot 24, concession 1. On a carried motion, permission granted.

Mr. Scott Roliff met with council requesting council's permission for the conveyance of a parcel of land on Balsam Lake. Mr. Roliff was instructed to have deed prepared and council would give further consideration.

Among the many rockhounds that arrived for the Gem-Boree in Bancroft was a group of 38 enthusiasts travelling together on a rocking trip arranged by their home club, the Michigan Mineral and Lapidary Society. Previous to coming to Bancroft, the group spent 11 days in the Otter Lake region of Quebec. "We are most impressed with Canadian hospitality" said E. W. Courter of Detroit, who is president of the Michigan group.

Twenty-five planes landed in Bancroft last week when the Flying Club staged a fly-in breakfast in conjunction with the Gem-Boree.

Heather Vanhatten of R.R. 1, Fenelon Falls, was the driver of a car which overturned near Powles Corners on Highway 35 last Thursday. Provincial Police at Lindsay estimated damage to the car at \$200.

A pilot wood duck banding program in the Lindsay Forest District is nearing completion. Aim of the program of the Department of Lands and Forests, in conjunction with the Canadian Wildlife and the United States Fish and Wildlife Service is to learn and further understand the dynamics of the wood duck population.

The Municipal Council of the Township of Cardiff met in St. John's Hall, Paudash Lake recently with all members present. The council acknowledged a letter received from Glen Hodgson, M.P.P., sent to the Reeve on June 7th and asked him to visit the Council at his earliest convenience regarding the McGillivray Road.

Decoration Day Services were held at Haliburton and Ingoldsby last Sunday.

Some of the boys and girls camps in the area will be moving out this week.

Rotary News

The Haliburton Rotary Club held their weekly meeting at the Haliburton United Church on Thursday night last with six members absent. Absent were Ray Archer, Martyn Best, Dick Clarke, Pat Hucal, Oscar Yarnold and Lester Walling.

We were pleased to welcome many members and guests from other centres.

Bill Craig, a guest at Wig-A-Mog Inn, once again this year gave the Rotary Club a donation. It was presented to the Club by Mervyn Robertson.

All members and guests present signed a get well card to be sent to one of our members, Dick Clarke, who is at present confined to the Red Cross Hospital at Haliburton due to a heart attack. We join with all the members of the Club in wishing Dick a speedy recovery.

Our guest speaker last week was Mr. Robert Bateman whom we were glad to welcome back again. Many members recalled having heard Bob when he presented a talk and slides to the Rotary Club two years ago on his around the world tour. He showed some very interesting pictures of Nigeria where he has been a teacher for the past two years.

THE DAY OF NO REST

There have been fantastic changes in our way of living in the last two or three decades. Schools are bigger and brighter, if not better. The teenagers have taken over popular music and public attention. Television tirelessly hurls verbal and visual garbage in our unresisting faces. Murder and rape walk city streets, even in daytime. Not to mention racial strife, the welfare state, frozen foods, instant everything, and Japanese motor scooters.

It's a long, long way from that simple, cut-and-dried, black-and-white society in which most of today's middleagers, caught in a world revolution, were brought up.

If our parents and grandparents could be brought back from their eternal rest for a quick look at our world, they would probably go straight into deep shock. They might be able to cope with most of the items above, but there is one thing that would send them right around the bend — the change in our observance of Sunday.

When I was a kid, Sunday, aside from its religious aspects, was a day of rest, literally. There was nothing else to do. For the average family, it was church in the morning, home for a big noon dinner, flake out for a nap for the adults, gloomy poking around house or backyard for the kids, supper, and early to bed. No swimming, no fishing, not even a game of catch. Peace and quiet, however resented by the young.

Only variation in this was the descent of a horde of dull relatives. Everyone then sat around in Sunday best, in parlor or on porch, and gassed interminably about Cousin Elwood's bad back or Aunt Arlene's asthma.

I grew up thinking that Sunday was just a day on which you couldn't do anything worthwhile. My attitude toward the Sabbath was that the sooner it was over, the better.

But even then, though I was

too young to notice, the rot had set in. Some of the wilder elements in the community began smashing the Calvinistic gloom. Here and there, a family would not only go for a drive on Sunday, but smuggle swimming suits and a picnic lunch along. Before you knew it, the odd family was secretly listening to Jack Benny on the radio, after supper.

The virus spread like wildfire. By the time I achieved manhood, the grand old traditional Sunday was crumbling rapidly. The more reckless among the young fellows began hanging around the Chinese restaurant or going for walks with girls. Some of the pure anarchists among them started playing tennis and fishing and all sorts of unspeakable things.

From there, of course, it was only a step to wearing sports clothes and smoking and having a beer on Sunday. Drugstores and restaurants began staying open, to cope with this new wave of wantonness. Sunday sports got one toe in the door, then kicked it wide open. Sunday movies moved in. The beaches set up midway rides. The transistor radio was invented, along with the drive-in.

And you know, too, what's happened to the peace and quiet of our old childhood Sunday. Sports cars bellow, lawnmowers snarl. Traffic whines on highways, children whine at beaches. Transistors blare Beatles. Power boats drum and throb. The air is sweet with the pock of golf balls ricocheting off trees, and water-skiers ricocheting off the heads of swimmers. Beer cans clang on asphalt. Couples wrangle on gin and tonic. Even the birds have to shout louder to hear each other.

And all that, Dads, is why your old man went back from a rest to work on Monday, while you go back to work for a rest.

THE CHEESE FACTORY

One of our most prized possessions is an oil painting by Miss Gertrude E. Spurr dated 1893. Miss Spurr was a frequent visitor to her brother's home in Haliburton, where the lovely country is such a paradise for the artist.

The picture shows a log bridge in the mid foreground, Alder bushes masking the steep bank where Head Lake enters Crooked Narrows. In the background a weathered frame building clings to the rocky hillside.

On the narrow sandy wagon track approaching the bridge stands a young farmer in shirt sleeves and straw hat, a stout stick in his hand and a small dog at his feet. They have evidently been "after the cows" and have paused at the bridge to be included in the picture.

This young man is none other than Sam Walling. The weathered building on the hillside is the cheese factory and the old log bridge leads directly to the steep lane by which one reaches that smelly building.

The factory must have belonged to the Walling family for this same lane led also to the Walling barns and out houses.

Here the farmers brought their milk to be converted into cheese. From here they carried the whey back home in very odorous barrels to feed their pigs. The water in which the curds were washed was allowed to trickle down the hill side, under the road and over the bank into the Narrows. It made a very black and offensive blot on that beautiful waterway and brought forth many complaints from the pleasure seekers who rowed or paddled down the lake on pleasant summer days.

The cheese however, was good and the cheese maker, Mr. Rutherford, knew his business. Excursions in Anderson's delivery rig, which we frequently enjoyed, sometimes led to the cheese factory. On one of these occasions we were quite fascinated to discover the long trough in the factory full of thick sour milk. Mr. Rutherford, wielding a huge

wooden rake, was busily drawing the curd to one side to aid in separating it from the whey.

It's hard to say what finally caused the cheese factory to close down, but when John Davies retired from his job at "the store" Mr. Rutherford took his place.

The Rutherfords lived in a house, one of two on the high bank west of the church, facing Head Lake. Their two sons attended school when we did and are in the photograph taken when Mr. McFadyen was Principal. The other house was occupied by the Hazzard family. Both were built of logs.

Mr. and Mrs. Walling lived down by the lake shore. Their house seemed to melt into its surroundings — a regular "picture book" farm home — nestling by the water, the buildings shaded by trees. The Wallings' vegetables were famous in the village and so were Mrs. Walling's flowers.

Occasionally we went across the lake in the skiff with Miss Bain to have an afternoon visit with Mrs. Walling — a much pleasanter outing than walking along the dusty road around the lake and up the steep approach by the barn. Arriving by water we stepped right into the garden! Miss Bain and Mrs. Walling sat on the verandah and visited and we children were allowed to wander about the garden paths smelling the flowers and enjoying ourselves. All too soon it was time to say goodbye.

When the Wallings came to town to shop, they rowed across the lake. On these occasions Mrs. Walling called on Miss Dover. Here she had a cup of tea and rested quietly till her family were ready to return home.

OBITUARY

FREDERICK LOUCKS

A well known and liked citizen of Haliburton in the person of Frederick Loucks passed away suddenly on Friday, August 6th.

The deceased had undergone an operation for a throat ailment some time ago, and since that time had not enjoyed normal health, but right up until the time of his demise he was about and the day before his death he was down town.

The late Fred Loucks was born in Minden the son of the late Jacob and Charlotte Loucks.

After leaving school Fred heeded the call to go to the west and left this area in the year 1904 and it was not until the year of 1925 that he returned to the Highlands of Haliburton. While in the west, he did all kinds of farm work from chores to driving machinery necessary for farming.

The late Fred Loucks after returning to this area spent the greater part of his time working as a carpenter.

A billiard player of more than average ability, Fred took great pleasure in engaging in this fine pastime and in this manner he made many friends in the teenage group as well as the older citizens. At this time the sympathy of the community is extended to his immediate family.

The funeral service was held from the Chapel of John Welch and Son, Minden on Monday, August 9th with the Rev. John Smith of Lakeside Baptist Church, Haliburton in charge.

Pallbearers were Charles McKnight, Allan Hague, Noble Hague, Vinton Loucks, Mervin Loucks and Milton Loucks.

Interment was made in Ingoldsby Cemetery.

Shower For Bride

Mrs. Ken Gainforth entertained at a miscellaneous shower in honour of Miss Bonnie Ieatro at her cottage in Haliburton on Saturday evening, August 21st. The thirty guests included relatives and friends.

Bonnie sat in a decorated chair under a pink and blue canopy. On the table was a lovely decorated shower cake. Mrs. Gainforth pinned a corsage of pink and white carnations on Bonnie as the gay coloured balloons burst, showering the guest of honour with confetti.

As Bonnie opened her many lovely gifts assisted by Mrs. Gainforth and Connie Henry, Betty Desjardine made a becoming hat from the bows collected from the gifts.

Bonnie thanked everyone for the lovely gifts and good wishes. A book was then passed to be signed by the guests, who also added a recipe or household hint.

A delicious lunch was then served by the hostess, bringing to a close a pleasant evening.

CHURCH NEWS

VACATION BIBLE SCHOOL A REAL SUCCESS

On Friday, August 20th at 8 p.m. many parents and friends gathered at the Lakeside Baptist Church for the closing program of Vacation Bible School. The children presented a small part of what they had learned in the ten day period of the school. Musical numbers with memory work and a skit told of the discoveries the boys and girls made concerning Christ. The evening was brought to a close with a period of worship led by some of the older class. Following the closing prayer the many parents and friends made a tour of the rooms to see what the children had made during their time at Vacation Bible School.

This year's V.B.S. was a most

worthwhile endeavour with children from almost every church represented in the total enrolment of 107. The average attendance was 70 for each of the ten days. There were 46 boys and girls who were present for at least nine out of the ten days. The V.B.S. had 13 part time or full time teachers and helpers to teach the record enrolment.

The V.B.S. committee would like to take this opportunity to thank all those who had a part in teaching or helping in any way. Without willing hands an undertaking of this size would be impossible to attempt or do.

The School has come within a few dollars of meeting all expenses. The committee would like to thank all who most generously supported it. In every way the school has been a real success.

INGOLDSBY

(Intended for Last Week)

The community was saddened on Monday to hear of the death of Lawrence Nelson. Although the late Mr. Nelson hadn't been in the community very long, he had many friends, especially in the bowling leagues. Sincere sympathy is extended to his wife Jean and other relatives.

Congratulations to Mr. and Mrs. Ivan Carpenter of Fenelon Falls on the arrival of a daughter, and a sister for Robert. A new granddaughter for Mr. and Mrs. Ted Carpenter.

Mr. and Mrs. George Good of Toronto called on Mr. and Mrs. Andy Paul on Saturday.

Mr. and Mrs. Glenn Althouse of Hamilton visited with Mr. and Mrs. Russell Baker recently.

Rev. and Mrs. Armitage and family of Manitoba spent the week-end in Ingoldsby and visited with friends in the community.

Mr. and Mrs. Everett Burk visited with Mr. and Mrs. Harold Elstone of Soyers Lake last week.

Mr. Russell Baker who is employed in Oshawa is enjoying a vacation at his home here.

Mr. and Mrs. Andrew Paul and family called on friends at Kirkfield Saturday evening.

Mr. James Burke and Miss Elinor Kernohan of Minden visited in Gravenhurst on Sunday.

We are glad to see Mr. Reg Burk is home from the Hospital in Bobcaygeon and feeling much better.

Messrs. Harold and Maurice Hicks of Toronto are spending a week's vacation at their home here.

Mrs. Eileen Yule spent last week in Toronto.

Mr. and Mrs. T. Carpenter and Albert spent Sunday evening with relatives in Fenelon Falls.

The Junior and Senior Girl's Choir from Camp Gay Venture were guests at the United Church at Ingoldsby on Sunday and were enjoyed by those present.

Decoration Service was held at the Ingoldsby Cemetery on Sunday, August 22nd.

Sixty Men And Women Attend Drama Workshop

Sixty men and women from all parts of Canada participated in the Creative Child Drama and High School Drama Director's Workshops held at the University of Waterloo during the week August 9 - 13.

The week-long workshops were sponsored by the department of extension at the University of Waterloo and the community programs division of the Ontario Department of Education.

Rita Criste, assistant professor of dramatic production at Northwestern University, Illinois, instructed the participants in the creative child drama workshop. The course was designed for teachers and leaders in the field of creative drama for children and included such topics as sensitivity, creativity, movement, characterization and dramatization.

Fifteen K-W public school children took part in the Child

Drama Workshop. Primary pupils were used for demonstration in the morning sessions and senior pupils gave demonstrations in the afternoon sessions.

The High School Drama Director's Workshop covered all phases of play production and was designed to give intensive training to those teachers who have the responsibility of producing a high school play.

Participants were divided into two groups attending separate sessions covering direction and technical production and stagecraft lighting. Instructors for this workshop were Dr. E. C. Reynolds and Mr. O. F. Kentworthy, both of Michigan State University.

Ten student actors, selected from the award winners of the 1965 Ontario Collegiate Drama Festival also participated in this workshop.

Miss Joyce Williams of Haliburton attended the Drama Workshop.

Milton Site For Steam-Era 1965

Milton, Ontario — Nostalgia will consume this small town, 25 miles northwest of Toronto, on Labour Day week-end.

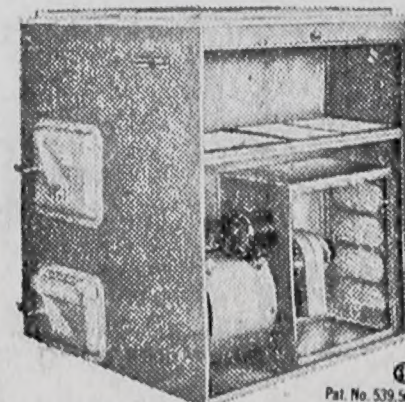

Down its mainstream will roll the iron titans of an all-forgotten era, a-puffing and a-steaming to the rhythmic beat of clanging steel and slapping drive-belts.

This is "Steam-Era 1965" to be held in the town's fair grounds September 3, 4 and 6, an event which last year attracted upwards of 30,000 enthusiasts from all over North America.

Some 30 steam engines of various sizes and shapes will be in action daily. They'll be running and working at different times on fans, threshers, saw-milling and other farm chores. In addition, there'll be 35 gas tractors on display and visitors will see such famous names as Case, Rumely, Mogul, Titan, Huber, Waterloo Boy and many more.

Two new attractions at the show this year will be an operating steam shovel and an 1856 Fire Wagon - a hand pumper which was pulled by hand to fires.

You'll never
be cold again!

Here is the perfect furnace for rural areas that are subject to heavy snow-fall, blocked roads, power failures due to falling trees, ice conditions and floods, etc.

Regardless of the weather, the DUO-HEET will produce constant, continuous heat.

The DUO-HEET Combination is the only fully approved unit of its kind available today. It burns wood, coal, oil or trash. It is thermostatically controlled. When wood or other solid fuel burns out, oil automatically takes over. When electricity or oil supply fails, you simply stoke it with wood, coal or trash.

Never again will you worry about your heating system if you install a DUO-HEET Combination Furnace. Let it snow, hail and blow the wires down. Let the roads become plugged with drifts... who cares? You will be kept comfortable and warm by your DUO-HEET combination furnace.

Come in today and see how it works.

P. J. Gillis Speaks

(Continued from Page One)
with them in trying to solve them. He cautioned that any expectation of city-type services would naturally mean increased taxes. One of the greatest problem was the staff needed to enforce any corrective by-laws. Mr. J. A. Curtin, Department of Economics and Development told the Haliburton Highlands Property Owners Council that Federal Grants allotted to that area could constitute "a savage despoilment of the northern vacationland" unless controlled.

He suggested that the Haliburton Highlands Property Owners Council request Lake Ontario Development Association and ask them to prepare an advisory plan for the County of Haliburton to use as a reference in working out their problems with the local municipal councils. It was decided to do so.

The H.H.P.O.C. was also informed that since the election of the present Snowdon Municipal Council all sanitation by-laws for that area had been rescinded with the result that the bacteria count had risen to a dangerous level in the local lakes. An official report presented to the meeting showed one lake in particular as at present unfit for swimming or water usage.

Checking of boating infractions, both operation and for safety equipment cannot be adequately carried out due to lack of man-power, said L. M. McGillivray, Superintendent of O.P.P. Division, Peterborough. He confirmed however that a private citizen may be appointed by a municipal council and sworn in by Crown Attorney as a special peace officer. This man has the authority to inspect all boats and make arrests if necessary. Reeve Billings cited the example of Len Ellison appointed by his council for this purpose two years ago on Kushlong Lake and doing an excellent job.

P. W. Swanson, Supervisor of Fish and Wild Life, Dept. of Lands and Forests, asked the co-operation of all association members in forwarding any yellow plastic markers found on fish to his department as an aid to compiling valuable data on game fish in the area.

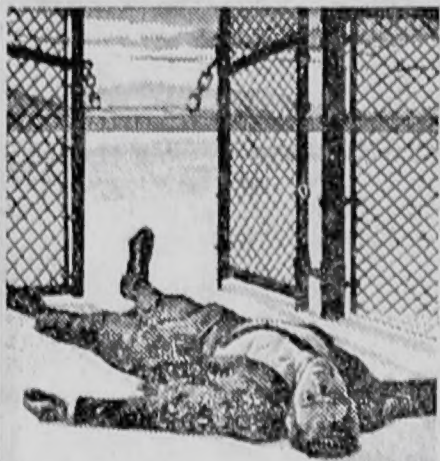

Guests present included guest speaker P. J. Gillis, Director of Assessment Branch; G. J. Walsh, Supervisor Municipal Assessment, both from Dept. Municipal Affairs; J. A. Curtin, Dept. Economics and Development; Leslie Switzer, Council member, Snowdon Township; Reeve A. Lock, Sherbourne etc. Township; Reeve Willard Billings, Glamorgan Township; A. E. Walroth, District Forester, Dept. Lands and Forests; P. W. Swanson, Fish and Wildlife Supervisor, Dept. Lands and Forests; Frank Welch, Clerk Treasurer of Minden; Corporal Eastwood, Minden O.P.P.; L. M. McGillivray, Superintendent, Peterborough O.P.P. and Inspector Lyle Erskine, O.P.P.
